Travelling Allowance
Cancellation charges in respect of unused tickets.

Reimbursement of —

GOVERNMENT OF BOMBAY
FINANCE DEPARTMENT.
Resolution No. TRA-1157(S-7)
Sachivalaya, Bombay, 22nd August, 1957.

RESOLUTION OF GOVERNMENT.

Read Government Resolution, Finance Department, No.1922/33, dated 14th April 1948.+

(I) Substitute the following paragraph for paragraph 4 of the above Government Resolution :-

4. Air Passages.— As regards the deductions made by Air Transport Companies on cancellation of air passages, it has been decided, that when the cancellation of the journey is solely in the interest of public service or due to circumstances, which were unavoidable and beyond the control of the Government Servant concerned, he may be reimbursed by Government. This reimbursement is restricted to such of the Government servants as have been authorised by a competent authority to travel by air, and the amount limited to the net deduction made by the Air Transport Companies. The Controlling Officer should certify in all such cases that the cancellation was in the public interest or due to circumstances beyond the control of the Government servant, etc.

(II) Substitute the following for paragraph 5 of the said Government Resolution :-

5. Travelling by Air conditioned accommodation on Railways.- In the case of Government servants who are eligible to travel by air-conditioned class, whether at public expense or on payment of 3 pies per mile and who have actually bought Air conditioned class ticket, reimbursement of the cancellation charges (including charges for reser ation) may be allowed, provided that the cancellation is solely due to official reasons.

By order and in the name of the Governor of Bombay,

G. C. BAVEJA,
Deputy Secretary to Government.

ACCOMPANIMENT TO GOVERNMENT RESOLUTION, FINANCE DEPARTMENT, NO. TRA 1157/(S-7), DATED 22ND AUGUST, 1957.

.....

"Government servants intending to travel on duty have to cancel their journeys at times on account of other urgent public work, and in such cases if they have already purchased the tickets they have to pay cancellation charges for the same. Government has under consideration the question of reimbursement of such cancellation charges and the following orders are issued in connection therewith.

2. Railway tickets.- Ordinarily the Railway authorities make a deduction of 10 per cent of the value of the unused ticket on a claim to refund in respect of it. They are, however, authorised to waive the deduction in certain circumstances and the Government of India has prescribed following procedure for Government servants claiming a refund in respect of an unused ticket The refunding authorities on Railways are authorised to waive the 10 percent. deduction in exceptional circumstances and in practice the deduction would not normally be made in respect of a reservation cancelled two hours or more before the departure of a train by a Government servant forced to take such action for official reasons. As however all railway reservations made by Government servants do not pertain to travel on Government business in a case in which an official journey is cancelled under orders of a superior officer a certificate to that effect will be necessary if he refunding authority is to consider favourably the relaxation of the 10 per cent. rule .

3. In cases where the 10 per cent deduction is waived as above, Government will reimburse to the Government servant the reservation fee, if any, paid for a berth. If the deduction is not waived, the cancellation charges will be reimbursed to the Government servant by Government but th reimbursement should be restricted to what it would be, had the officer booked his journey by the shortest route, save in exceptional cases when the route actually adopted by the Government servant is certified to be in the interests of public service.

4. Air passages. As regard the deductions made by Air Transport Companies on cancellation of air passages it has been decided that when the cancellation of the journey is solely in the interests of public service the Government servant concerned may be reimbursed by Government. This reimbursement is restricted to such of the Government servants as have been authorised by a competent authority to travel by air, and the amount limited to the net deduction made by the Air Transport Company concerned.

5. The travelling allowance rules do not provide for journeys by air-conditioned coaches. No claim for refund of these charges can, therefore, be entertained by Government. The refund o these charges is a matter for the individual Railways to deal with, and it is open to the Government servant concerned to approach the Railway Administration direct for this purpose.

No refund of the 'Agency Charges' should also be made, as Government servant who books his journey through a 'Travel Agent' does so for his own convenience.

6. These orders will have effect from 1st April, 1948."
